

The Economic Stage Is Set

By T.W. Tramm

DESPITE a marked increase in chaos and calamity, the world's biggest economy is booming. This is exactly how Scripture said it would be when Jesus returns: increasing natural disasters, food shortages, disease outbreaks, persecution of believers, threats of war, and a soaring economy in which people have disposable income and businesses are expanding:

“When the Son of Man returns the world will be as it was in the days of Lot. People were eating and drinking, buying and selling, planting and building—until the morning Lot left Sodom. Then fire and burning sulfur rained down from heaven and destroyed them all. Yes, it will be ‘business as usual’ right up to the day when the Son of Man is revealed” (Luke 17:26, 28-30).
