

# Trump Announces Historic Peace Agreement Between Israel and UAE

By T.W. Tramm

JUST LIKE THAT, on a day no one expected, the Middle East appears on the verge of a monumental shift toward peace.

As part of an historic peace deal with the UAE, Israel has agreed to suspend annexation of large areas of the West Bank and focus its efforts on expanding ties with other countries in the Arab and Muslim world.

According to President Trump, discussions are already being held with other Arab nations, so we may soon see additional peace agreements.

That we're witnessing a major move toward peace between Israel and her neighbors is significant because Scripture says:

“While they are saying, ‘Peace and security,’ destruction will come on them suddenly” (1 Thess. 5:3).

Notice that no particular peace plan, group, or figure is mentioned, only that people will be saying “peace and security.”

It is during such a time—a time like now—that destruction will come upon them suddenly.
